INDIRA GANDHI COLLEGE OF EDUCATION

IGCE

Indira Gandhi College of Education was established in the year 2009. It is approved by NCTE, New delhi and affiliated to Tamil Nadu Teachers Education University, Chennai.

The college was started by eminent educationalists and philanthropists with a view to serve various sections of the society by providing them quality education. The college offers outstanding teacher education program to the rural students who are socially and economically weaker in the society.

The Institution functions under the renowned A.C.T Educational and Charitable Trust and seeks to empower the students through academic excellence and enable them meet the educational challenges boldly and effectively in a globally competitive arena.

A striking feature of the college is that it fulfills the long-felt desire of the parents to see their wards study in a well-protected, well-maintained and eco-friendly campus.

Promoting human values and developing skills are the primary objectives of the Institution. The college offers B.Ed. Programme with the intake of 100 Students as approved by NCTE.

ON THE TOPIC OF THE CONFERENCE

INCSEAIT-2024 envisions a skill-based & creative egalitarian society where equity, inclusiveness and human welfare would go hand in hand with economic development. In tune with the new educational policy and aspirations of the generation Z, remarkable changes are taking place in the field of education. The development of social and emotional competencies, digital literacy, technical expertise and humanistic values is imperative for strengthening the quality of the work force and, in turn, the quality of the society as a whole. AI can play a predominant and crucial role in the field of education by empowering the educators and the learners. When AI is adopted with human-centric approach, human capacities of the future generation can be nurtured and put into use for sustainable development.

OBJECTIVES OF THE CONFERENCE

- ✓ To create a forum for academicians, researchers, policymakers, teachers and students to evaluate the impact of AI in the field of education and analyse its role in bringing far reaching changes in the society as a whole.
- ✓ To pave the way for the researchers to explore the opportunities and challenges associated with synchronising AI and Education.
- ✓ To create awareness among the educators and students regarding the need for adequate training and support with respect to the adoption of new technological domains & applications.
- ✓ To provide a roadmap for the successful implementation of AI in the Educational system as a whole and work towards students' well-being and progress.
